INTUITIVE LIFE SERVICES

Life Reading™

A Life Reading is an intuitive 1-hour reading which combines clairvoyant abilities, tarot and numerology to give you guidance on your life path. She will look at where you are at now, what is blocking you, and what you need to do to fulfil your purpose. It is like the compass that helps you chart your life journey, navigate it safely avoiding blocks and obstacles, until you reach your destination. Life Readings are from a spiritual perspective or, "soul" level. They restore your self-will by focusing on your natural abilities to create your 'personal reality'. She will mentor you by giving practical advice and "homework" to achieve your goals. Her Life Readings are not limited to predictions. The focus is on assisting your life journey, and restoring your will to design your future by enhancing your self-awareness. You could be given "homework", which are tasks you need to act on in order to align and unblock your path, and realise your future life. For decades, she has offered a money-back promise and was never asked to refund.

Follow Up / Coffee Cup Reading

This is a follow-Up, 30-min. session to book in between Full Life Readings whenever you need to. 30-Min. session can also be used for Coffee Cup readings. Follow-up psychic readings are for returning clients only. They are intended as follow-up once you have had any 1-hour session, had previously enrolled in a private mentoring package, or had an Insta-Clearing™ package. Sahar is the author of Your Future In A Coffee cup, The Art of Divining with Coffee Grounds. Once you make your purchase Sahar will contact you by email or WhatsApp to arrange Zoom meeting. Text Sahar to receive instructions on how to take pictures of your cup. Open on Sundays!

Mini Reading™

This is 15-minute 1-question session to support you and address any new issues in-between session. You can use this for Unbox Life Mentoring laser update, or Mini Soul Life reading. Once you book your mini session, text your issue or one question. Sahar will reply by sending audio file or voice message on WhatsApp. Open on Sundays!

2 Hour Master Class Session

You can choose how you want to spend your 2-hour session: tackle any life issue that has come up for you, or top-up on a Master Class workshop. This is also worthwhile if you are taking a workshop Master Class on Dreams or Tarot. The 2-hour session allows clients to delve into an uninterrupted mentoring session instead of enrolling in a longer package whenever they need to; after previously completing a package.

Nurture Me Pack™

12 x 15-Minute sessions: To be completed within 12 months. 12 Questions or issues voice-messages or call on WhatsApp; that is one mini session every month. This is 15-minute reply to ONE question or issue. Text/voice message your issue or question and Sahar will address it in a Mini psychic reading. You have the opportunity here to be sustained and supported all year round! Sahar will respond within 24 hours to keep you moving forward.

Bach Flower Remedies Custom Blend

This is a custom blend to heal and dissolve conflict between your action and how you feel and your outlook. Edward Bach believed that illness was the result of a conflict between the purposes of the soul and the personality's actions and outlook. This internal war, according to Bach, leads to negative moods and to "energy blocking", thought to cause a lack of "harmony", thus leading to physical diseases. Bach remedies are extremely diluted natural tinctures from plant and flower materials.

Understand Your Dream Language

Dreams reflect your own fears, hopes, beliefs and how you process your life. They also represent 30% of your life! While there is a universal language to dreams, your own dream language is personal and specific to you; and that's why your dreams can offer you valuable insights. The more you work with your dreams, the more you will become aware of how you operate in your life, and what you need to address and work on. A dream can give you the opportunity to heal, understand and integrate your life experiences.
